# University of Bari

- Created on 1924
- Second largest university of South Italy
  - 58,000 students
  - 1,058 professors
  - 1,060 non-teaching employees
- Fiber-optic MAN
  - Connecting 12 sites

# Dipartimento di Informatica

- Main research fields
  - Intelligent systems
  - Data mining
  - Software engineering
  - Human-computer interaction
- 47 full time professors
- 16 postdocs
- 27 PhD students
- 3 CS undergraduate courses
  - 400 students per year
- 1 CS MSc course
  - 90 students per year

# Collaborative Development Group

<http://cdg.di.uniba.it>

Research group which

- addresses the **problem of distance in distributed workgroups**
- develops **tools for virtual teams**
  - with a special focus in the fields of
    - **collaborative/global/social software development**
  - benefiting from the technologies and experiences gained
    - from **Web 2.0** and more generally
    - from **Social Software**

## • People

- 3 professors
  - but only Filippo Lanubile focuses on social software engineering
- 1 postdoc
  - Fabio Calefato
- 10 (5 MSc + 5 BSc) final-year students per year

## • Awards

- 2006: IBM Eclipse Innovation Award
- 2008: IBM Faculty Award
- 2011: Microsoft Research Software Engineering Innovation Foundation Award

# Research activities @ Collab

<http://cdg.di.uniba.it>

## Current projects

- Computer-mediated communication in global software engineering
- NLP in the global software development industry
- Augmenting Social Awareness in a Collaborative Development Environment

## Open Source Software

- IBIS, eConference, eConference3P
- eConferenceMT
- SocialTFS

# More about me

 lanubile@di.uniba.it  flanubile

   Filippo Lanubile  @lanubile

- Associate Professor of computer science at University of Bari
- Director of Collab
- Rector's Delegate for university MAN and access to GARR network
- Steering Committee member of the IEEE Int. Conf. on Global Software Engineering
  - Program Chair of the ICGSE 2008 edition
  - General Chair of the ICGSE 2013 edition
- Editorial Board member of
  - Empirical Software Engineering journal, Springer
  - Advances in Software Engineering, Hindawi Publishing Corp.
- Member of the International Software Engineering Research Network (ISERN)
